Curving upwards, the 3 diamond stones of this Mangalsutra are giving us new bride goals now. Decorated on a gold chain, each side of the chain has been styled with a few black beads around the diamond piece. This modern jewellery has been made for new brides on the lookout for great diamond Mangalsutra designs.

3. Three Diamonds Mangalsutra

Subtle and contemporary in its design, this Mangalsutra has been made on a silver chain, with three diamond studs together. Along with that, a few black beads have been planted on the chain to give it a traditional look. You will always find such a creation while looking for diamond Mangalsutra designs when you're wedding shopping.

A blend of traditional and contemporary Mangalsutra design, this necklace has been created with black beads all over, just like a traditional Mangalsutra. However, five-diamond studs have been put in together to give it a contemporary look. One of the most demanded diamond Mangalsutra designs, its perfect combination of the two different styles makes it more unique than the others.

5. Curved Diamonds

With a curved line of diamonds in the middle, this beauty is another blend of traditional and contemporary styles. If you're looking for traditional diamond Mangalsutra designs, this is a great piece. The diamond curve is created with a chain of black beads all over, giving it that traditional look.

6. Heart Mangalsutra

This contemporary Mangalsutra has been created with a chain filled with traditional black beads. However, it doesn't end there. The whole chain of black beads has been embellished with small heart-shaped diamonds that will shine when you wear it. A must-have addition for all diamond Mangalsutra designs, it will help you show off your happy married life.

7. Jasmine Mangalsutra

Inspired by the jasmine flowers that are used in a wedding for the wedding décor and even in your flower jewellery, this jasmine styled diamond Mangalsutra has been made like a flower. Made up of diamonds, it hangs from a gold chain. One of the coolest diamond Mangalsutra designs, it has a few black beads on each side of the gold chain.

8. Saat Phere Mangalsutra

Created with a long gold chain and a diamond ring in the middle, it symbolises the saat phere that a bride and groom take during their wedding for their holy matrimony. As the chain goes below, it is bedecked with black beads. This is a contemporary style of Mangalsutra that is definitely an example of great diamond Mangalsutra designs that are now becoming a new trend in bridal fashion.

9. Studded Diamond Mangalsutra

A purely contemporary diamond Mangalsutra, it has been outlined beautifully and studded with polished diamonds. Glowing on the brides' neck, it has three black beads embellished on each side of its gold chain. This subtle look makes it one of the top diamond Mangalsutra designs for the minimalist brides to don and flaunt their holy matrimony.

10. Traditional Diamond Mangalsutra

Made on a gold chain without any black beads, the diamonds on this Mangalsutra have been designed in a very traditional North Indian manner. It is ideal for brides that want a typical Mangalsutra with diamonds on it for a fancier look.

As the years go by, bridal fashion goes by too. These intricately created diamond Mangalsutra designs are a dream for not just a new bride but all women as well. What do you think about these creations? Comment below!
